PEDIGREE PERFORMANCE AT A MUTT PRICE

MERV 8 MECHANICAL & MERV 8 ELECTROSTATIC

## BRUTUS FILTER

BRUTUS, the newest pleated filter from Quality Filters, was born tough. BRUTUS' rugged construction holds steady under high velocity and humidity, and its low pressure drop affords lower energy costs and better airflow. BRUTUS' strength and performance offer a perfect upgrade to "self-supported" pleats or fiberglass panels.

## FEATURES

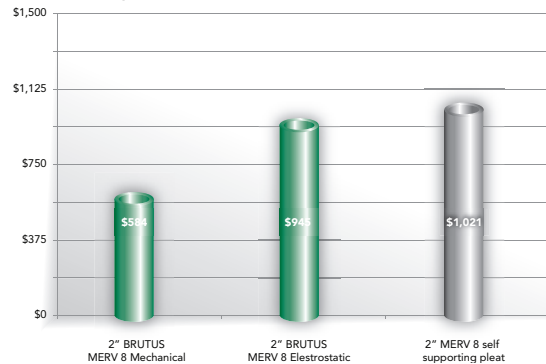

- Exceptionally low airflow resistance\*
- 15% less expensive than our standard EQP pleats\*
- Available in 1, 2, and 4 inch depths
- Double wall 26 point moisture proof board is 46% thicker than single wall "self-supported" pleat frames
- Wire reinforced media prevents pleat bowing and collapse
- Synthetic media does not support microbial growth
- Durable, lightweight construction offers easy installation and disposal
- 4 inch BRUTUS filters incorporate pleat stabilizers
- **MERV 8** per ASHRAE test standard 52.2
- Now available in Mechanical **MERV 8** with no Electrostatic charge

15% less expensive  
than our standard  
pleats
