

Recovery

Recovery and Recycling Equipment

ENVIRO

This state of the art, one-knob operation recovery station allows for recovery of all popular CFC, HCFC and HFC refrigerants including R410A. The oil-less, air-cooled compressor assures efficient and fast operation, making irritating oil changes unnecessary. In comparison to other compressors, this unit runs extremely quiet and without vibrations. Class 1.6, oil-filled manifolds allow for an even easier reading. The compact and ergonomic design as well as the rugged construction provide maximum protection from transport and usage. The ENVIRO is equipped with a self-cleaning mode as well as a built in filter which is easy to clean and replace.

Technical Data:

Compressor:	¾ hp, oil-less
Power supply:	115V, 60 Hz
Gauge:	Oil-filled
Weight	32 lb
Dimensions:	16" x 10" x 14"
Certified:	AHRI 740
Vapour rate	max. 0.80 lb/min
Liquid rate	max. 5 lb/min
push-pull	max. 14 lb/min

Part No. 4684593
