

# Perfect Platform

MAC Series Air Cleaner  
Residential Whole House (GFI #4545)

***Breathe Healthier***

## Remove Harmful Particulates From Indoor Air.

Installing a quality GeneralAire® Air Cleaner can reduce allergy and asthma symptoms and improve other chronic health conditions adversely affected by harmful particulates in your home's air.

**NEW!**

### How the Perfect Platform Air Cleaner Works:

Air passes through your new Perfect Platform where particulates are captured within the fibers of the MERV 11 filter media. The air leaving your Perfect Platform is healthier and safer for your family.

### Install an air cleaner in your home to:

#### Reduce Allergy Symptoms:

Pollen is a major allergen that can cause miserable symptoms such as a runny nose, itchy eyes, sneezing and more. Skin flakes, urine and saliva from pets can all become airborne. The Perfect Platform removes all these and more.

#### Improve Your Health:

Studies show poor indoor air quality is linked to heart disease, high blood pressure, cancer, diabetes, asthma, Alzheimer's, and many more chronic diseases. Ensure good health with a quality air cleaner.

Application	Inline
Installation	Return Air Duct
Pallet Quantity	8
Mounting	Return Air Duct
Warranty	Ten Years 

### MAC Quality

- Heavy 22 gauge galvanized sheet metal, die cut for smooth edges.
- Solid cabinet is riveted for sturdiness and long life.
- Adjustable blower / furnace opening (19" to 22.5").
- Return duct connection can be adjusted to either a 10" or 12" duct.

### MAC Quality

- Removes Dust, Dust Mites, Pet Dander, Pollen and More; Airborne Particulates As Small As 0.01 Microns
- Eliminates the possibility of dust, pet hair, insects, rodents, water or sewer backup from entering the furnace.
- Hydrophobic (Resists Moisture) Filter Media
- Tested Using ANSI / ASHRAE 52.2 - 1999 Standard
- The new Filter Platforms by GeneralAire® offer the most well-built, sleek designed and easiest to use galvanized sheet metal filter housings on the market, for residential and light commercial use.
- Space saving design for vertical installations, keeps furnace off floor, allowing a clean, professional installation.
- Allows furnace to work at maximum efficiency and extends life of furnace by providing even air flow distribution across bottom. Especially ideal for High Efficiency Furnaces, where side returns require more installation time, and are inefficient compared to a bottom return.
- Allows filter to work at maximum efficiency by eliminating need for transitions deflectors or turning vanes, thereby saving installation time and costs.
- Made to fit 1-3 ton or 3.5 ton electric air handlers or gas furnaces.
- Ideal for homes with allergy, asthma or respiratory sufferers, smokers, pets and mustiness.
- Helps protect and prolong the operating efficiency of the heating and cooling system.

### Maintenance

Maintenance of your new GeneralAire® MAC Air Cleaner is minimal. To ensure peak performance, simply replace your filter media once each 6-12 months. Go to [www.generalfilters.com](http://www.generalfilters.com) / support center / video library to watch a video about how to change the filter.
