

The current chart features standard finishes offered by Airvector® on most products. Colors and textures have been reproduced as accurately as possible. However, due to variances among computer monitors and printers, the colors may appear differently than on the actual products. Some finishes might not apply to all

products. Extra costs and lead times have been listed to help you price and schedule your orders. For more accurate costs and lead times, to confirm availability of a finish on a particular product or for custom finish requirements, please contact our customer service department at order@airvector-hvac.com.
