## **Jason Industries**

**Warranty** – All Jason’s products are warranted, at the time of sale, against defects in workmanship, materials and/or operation subject to ordinary conditions, as it pertains to particular installations. However, we do not warrant against defects due to improper installation, failure to exercise normal maintenance, or against the consequences or uses for which our products are not designed. Jason’s only obligation under this warranty is to repair, replace, or issue credit, at our option, any of its products determined by Jason to have been defective within one year of Jason’s shipment of the same to Jason’s customers. This determination can only be made after the products have been returned to Jason for inspection, with shipping charges prepaid. Labor and installation charges of any kind are not covered by our warranty. Products repaired or replaced under this warranty are warranted only through the remainder of the original warranty.
